A big shout out to interim Caretaker Pat Kennelly and Maintenance Assistant Paul Franczyk, who, in conjunction with Howard Boress and the Building and Grounds committee, have been doing an outstanding job addressing various issues within Camp.

Listed here is a brief list of just a few of the items completed last week:

A-Field Washrooms: Tuck pointed cracked mortar on the men's side of the washroom, worked to shore up the foundation on the A-field side of the structure, replaced the toilet seat in the middle stall

Pool: Addressed safety issue of lifeguard chair by repairing broken bolts, repaired light fixtures in pool maintenance room, replaced cover on electrical box in pool maintenance room with GFI weatherproof cover, replaced the non-working GFI outlet behind the pool barn, fixed swing mechanism on gate to pool eating are

Raths: Changed locks on parking lot garage, ran drain to air gap, fixed sweeps to double doors

A-Field: Hung a hose-hangar on the tree by the water pump to keep hose off ground and to make the area more tidy as well as safer for the campers.

These are just a representative sample of the efforts being made to ensure your satisfaction with ITC and the operations.

Also, the Illinois District Council has posted for a Caretaker for Camp on Monster.com and on the American Camp Association website. We expect to have several qualified applicants to consider over the next few weeks - with a goal of having the individual identified by August 1st and on board shortly thereafter. We will keep you posted.

The Tweenie's would like to thank everyone that came out to the Tweenie breakfast. It was a great success, serving 245 breakfasts!! We can not say enough about the hard work our team put in cooking, cleaning and setting up. It was a great effort by all. We would also like to thank everyone that donated raffle prizes. Everyone pulled together and collected some great stuff. Because of that we had record raffle ticket sales. Our next event is the Tweenie dance this Saturday night after the water show. Come all ! Admission to get in will be \$3. Greg Kusch and Mike Sullivan will be your DJ's for the evening. Should be a great time! Barb Litza & Shawn Dahm

Recycling We would like to thank everyone in camp for really helping make our recycling program a success thus far. Many of us are participating using the blue barrels that are placed around camp for recycling our cans as well as using the large recycling dumpster in the big parking lot for the rest of the recyclables. The youth program has been emptying the blue barrels every week and taking the cans in for money. By the way that's why we separated the cans from the rest.

If you haven't noticed, the appearance of the garbage area in the big parking lot and behind the Rathskeller has greatly improved because of you!!! Well done turners.

Thanks to Barb Roth for placing a can for plastics only, at the tennis courts and under the shelter. They are the cans with the wheels. Together we get better folks.

We still have a few needs. There still are some soda and beer cans ending up in the general garbage bin in the parking lot as well as other than cans in the blue barrels. With a little tweeting and effort we can fix that folks.

Also PLEASE DO NOT park directly in front of either the garbage bins or the recycle bin in the big parking lot. This was the reason the recycle bin was not emptied last Friday

Overall things are going very well with our newest program and it's only making our camp better. We thank all of you for your efforts. Remember it's our camp, treasure it don't trash it.
