Flipchart size is good, some type of heavy stock paper as we hope to post/tack these to the walls in the dining room. If you have any questions, pls call Cindy at 352-751-5907.

**Recycling** - Our new recycling program continues to improve every week thanks to all of you who are participating. We are doing the right thing for our children, our beloved camp and our environment. All of you should feel very proud of our results!

All of the refuse areas in camp are much cleaner and safer because of everyone's efforts. This is going to make for an even more enjoyable 100th anniversary celebration and really show off our camp at its best to our visiting friends.

We know we still have improvements to make but we all have made great strides in a very short period of time and all of us should be very proud of that accomplishment.

Well done campers!!! Also a big shout-out to the Youth Committee and the Baers for all your help! Also **PLEASE DO NOT** park directly in front of either the garbage bins or the recycle bin in the big parking lot. By doing so prevents the bins from being emptied.

If you have any suggestions or input please let us know and we will take care of it. Once again thank you for your assistance with this vital program. Remember it's our camp Treasure it, don't trash it! Building and Grounds
