Coming Events – Next week's Fish Fry Special is German Sausage Plate. **Parking** – with the big crowds in camp for Founders Day weekend the parking was a bit difficult. Many areas were used to park that are normally off limits to parking. Now that we are returning to more normal cottage occupancy, please refrain from parking near your cottage or your neighbor's cottage unless you have received handicapped parking privileges from the camp committee. **Entertainment** – we have some great live entertainment planned for the last month of the camp season. This Friday the Wiggle-Os will be bringing their acoustic guitar act to the Rathskeller Bier Garden following the youth program awards. Next week Friday immediately following the National Convention Opening General Session (approximately 9p) will be the Rat Pack Impersonators. They'll do their own stylings of those songs plus many, many more. They've been popular at Northwest Turner parties. **Turner Love** – when you next see the following people please give them a pat on the back for all their efforts to help make the 100th Anniversary Celebration so special. Everything came together and in true Turner fashion it was a great team effort. Roy Fenton for planning the Founders Day parade and program for the past three years and reviving a great Turner Camp tradition. Nick Barts for planning a weekend for of great activities and entertainment, and thinking about all the logistics. Pat Kennelly for coming out of retirement to help the camp operations running seamlessly. Kevin Dahm, Curt Litza, Howard Boress, Ross Hugi, Adam Strong, Pam Lau, Nick Barts, and others I'm sure for doing such a fantastic job on the planning and creation of centennial park – it certainly exceeded my expectations! Barb Gebhart, Donna & Cory Litza and crew for planning and ordering logistics, food prep, and an awesome Founder Day dinner. Shawn Stevenson and Barb for keeping all the finances straight. Chuck Daly and crew for a wonderful A-Field barbeque. Howard Boress for all the tractor work on roadways and trees, and electrical power for the entertainment. Art Stevenson and JR Barts for all the little things. The Fish Fry crew Jim Gerstbrein (master fry man), Randy Roe (senior fry man), Tom Webb (the ringer), Timmy Zbinden (the apprentice) for your help with Thursday prep and a record setting Fish Fry. Marc Koehler and the bar committee for all pitching in and helping out when things got crazy busy. Petra Croneigh and Donna Litza for decorating the Raths & Dining Hall and making it extra special. The Dorn and Mutert families for the painting, landscaping, and sprucing up in and around the Raths and office. And I'm sure there's plenty more I'm missing, but not intentionally. Let's keep this spirit of Turner volunteerism alive keep camp strong for the next 100 years! Scott Lau

Youth Congratulations, 2014 Staff, on maintaining a fun and exciting youth program for over 50 campers this summer! Many ITC families thank you endlessly for your efforts in keeping our kids motivated and entertained throughout their summer vacation. A huge Turner Clap goes out to all of those involved in the Turner Camp Youth Program. Recycling What a wonderful celebration we had!!! Our thanks to all the people involved in making our hundredth anniversary such a success and a special shout out to Nick Bart's. Well done my friend. **A few reminders regarding the recycling program.** Please no styrofoam in the recycling bin. We have had phone calls from the refuse company stating this is a continuing issue. If they have to pull it out manually they will charge us. Also, please break down any boxes that are put in the bin. This includes cardboard boxes and beer boxes. This will allow us to fit more material in the same bin, possibly allowing us to continue this program without having the need for another bin. Another bin would mean more cost which could possibly result in an increase in everyone's ground lease expenses. We would all like to avoid that if we can. One last item, in the same spirit as breaking down boxes, please remove the caps from plastic bottles and crush the bottles as best you can to again allow more space in the bin. Again folks, thank you for your help in making this program as successful as it has been. Remember it's our camp, treasure it don't trash it. Uncle Sam

Big Parking Lot - Whenever possible please park in organized rows in order to maximize the amount of parking spaces available. Also **DO NOT** block access to the garbage or recycling dumpsters. **Please leave enough room for emergency vehicles to get through in an emergency.**

Poker Players - Wednesday night poker games have begun. We start and end around 10p in the Raths pool room. Please enter through the back door and bring your change.

Thank you to Lili Fuji for her beautiful Turner Song - There's a place with no worries, no pains. There's a place where it never rains. The whole world thinks we're a bunch of insanes well here it never rains. In this ground where we proudly march we were found beneath this arch and in this ground we've forever marked our names. Here where it never rains. I can hear the people singing of how we'll live until we die. Grow old with me my dear and promise me forever here. Take away my fears for another hundred years you made me. So honey here's to you. Hold me near and grow old with me my dear. Remember when we were small and still since then I love you all. These moments always run through my veins. Here where it never rains. And that man who made our land he would become what we now know our beautiful home.
