RECYCLING We have had another great week in our beautiful camp. The final show was one for the history books. It was fantastic. A big congratulations to all our camp staff and our campers. It was another great season.

Just because the program is over does not mean camp is over. We still have a lot of season left, followed by the fall picnics.

With that in mind nothing will change regarding the recycling program.

One issue we would like to ask you to help us with is the cans only bins located around camp. If you see any that need to be emptied, please let one of the building and grounds folks know and we will deal with it.

Also please remember to break down boxes when putting them in the bins so we can maximize our space.

Thanks again folks it's been a great season.
