**Work Duties** – the three work duties that each cottage is assigned to are an important way of keeping Camp operations humming along and help keep Camp an affordable experience. However the cottage work duties are just a part of the picture. The Raths Restaurant & Bar, Candy Store, and Pool are all coordinated by a core group of volunteers who give a significant amount of time beyond the typical three duties. When someone no shows for a duty, it often falls onto the shoulders of the core group to pick up the slack. This isn't fair to them and was happening too frequently. Consequently the Council raised the duty no show fine from \$100/missed duty to \$250/missed duty. It's not about the money. We need people to show up for their duties or make arrangements for someone else to show up. Plain and simple.

**Bathrooms** – please DO NOT dump your chemical toilet tanks into a toilet in one of the bathrooms!!! Center Camp was totally clogged and had to be closed until a power rodder was rented and the clog removed. You can dump your tanks directly into the septic fields at the Center Camp (Weber or Green) Bathroom and the Cicero Bathroom near where the old outhouses used to be by those facilities.
