Saturday August 26

1:30 pm

District Bags Tourney

6:00 pm

Grill

8:30 pm

DJ Ed

Pool - I'd like to begin by thanking a few people who made my first year as Pool Chair very rewarding. Pool committee members are Dave Williams, Scott Garelli, Tony Garelli, and Laura Oroni. With a delicate balance of managing equipment and chemicals, this committee is doing a great job. Last Fall we began remodeling the mens and womens bathrooms and a big thanks goes to Dave Cross and Art Stevenson. A fantastic job was done by Kelly Van Dahm and staff for keeping the pool clean and well organized. Thanks to the Litza family for donating the shade canopy over the baby pool. it is simple, functional, and looks great. I would also like to thank all who came out during work weekend to clean, paint and give a new look to an old but vital asset of our Camp. We all need to remember that our pool is 37 years old and therefore at least 12 years passed it's life expectancy. Turner donations to the Memorial Swimming Pool Fund are an on going necessity for the day when major repairs are needed. Have a safe and healthy winter. See you next Summer. Thanks Dave Zweifel
Pool Committee Chairman

Recycling Program - We would like to update everyone on some activities regarding the recycling program. First of all, thanks to all you for participating in this very beneficial program. It's great for the environment, the correct civic responsibility and it's the right thing to do for our children. And when you get down to the basics, Illinois Turner Camp is a children's camp. That's why it's here, and why we are here. Having said that, some clarifications for all everyone. There are two 6 yard dumpsters in camp for recycling. One is in the big parking lot, the other behind the Rathskeller. These are clearly marked as recycling cans and obviously only for recycling. These are single stream cans meaning all recyclables can be put in the cans, no separating needed. Follow the same guidelines as you would with your home recycling. Please no glass, except bottles, styrofoam, wet cardboard or pizza boxes in these cans. Plastic, paper or cardboard(not wet) glass bottles, cans and any other acceptable recyclables are ok. We continue to have blue 55 gallon drums spread throughout camp. They are still only to be used for cans, not any other recyclables or refuse. In the Rathskeller are garbage cans marked cans only. Since we are now serving some beers in bottles, it is OK to put those bottles in those marked garbage cans. That will eliminate those bottles being thrown into the garbage, and get them recycled also. Again thanks for everyone's help on this effort. It's made our beautiful little place better for all of us. Thank you,
Buildings and Grounds

Recycling - IMPORTANT UPDATE We now have new recycling cans inside the Rathskeller and on the patio. These cans are blue, two inside the Raths, one outside. These are designed to accept both cans and bottles. PLEASE use these containers appropriately. Do not not put cans and bottles in the refuse cans any longer. We all appreciate everyone's participation in this matter. Thanks, Buildings and grounds
